

Swiss CNC Turning Components

Features of [swiss Turned parts](#):

- Product name: Swiss CNC Turning Components
- Material: Carbon Steel, Stainless Steel, Alloy Steel, Brass, Aluminum
- Machining Tolerances:0.01mm
- Machining Process:
Cold Forging, Hot Forging, CNC Turning
- Min. Order:500PCS
- Surface Treatment: Polishing, Heat Treatment, Sand Blasting, Zinc Plated, Anodization, Chemical Film,
- Packing: Carton Box, Blister tray, Pallet, Wooden Case.
- Certificate:ISO9001:2008, ISO/TS16949

As [brass precision turned components manufacturers](#), we provide **brass CNC turned parts, CNC turned components** and so on.

Tel:+86 574 62387787 **Fax:**+86 574 62387788 **Mobile:**+86 13758266067 **Skype:**hewcho
Email:info@hewcho.com **Whatsapp:**+86 13758266067 **Website:**www.hewcho.com

What we can Provide:		Machining Material:	
CNC Machining Service		Carbon Steel	
CNC Turning Service		Stainless Steel	
CNC Milling Service		Aluminum	
Cold Forging Service		Brass	
Metal Stamping Service		Copper	
		Titanium Alloy	
Surface Treatment		Application:	
Heat Treatment		Automobile Spare Parts	
Sand Blasting		Electrical Appliance Industry	
Polishing		Electronics Industry	
Zinc Plated		General Industry	
Anodization		Machinery and Equipment	
Chemical Film		Hydraulic and Pneumatic	

CNC Turning Manufacturing Process

Turning is the most popular machining method. A characteristic feature of this kind of machining is the main rotary movement, which determines the cutting speed, performed by the workpiece. The feed motion performs a turning tool. The machining of external surfaces is called turning , while the machining of internal surfaces is boring.

Ningbo Hewcho specializes in the production of precision metal turning components and parts for the industry using CNC machining technology. We have extensive experience in machining, in particular in precision turning from bars on CNC lathe. We also produce cold forging parts and metal stamping parts. Our advantage is associated with innovation solutions in the field of serial precision machining technology.

We undertake the production of precision parts of metal and aluminum, brass, carbon steel and stainless steel. In addition, we perform hardening and assembly of components that require it. We make every effort to ensure that every customer who ordered metal parts from us receive exactly what he expected. Customer satisfaction is the most important thing for us.

CNC Stainless Steel Turned Parts

			
<p>Swiss Turning Parts</p>	<p>Stainless Seel Pump Spare Components</p>	<p>Stainless Seel Valve Com ponents</p>	<p>Stainless Steel Flanges</p>
			
<p>Stainless Steel Spacer</p>	<p>Stainless Steel Rings</p>	<p>Stainless Steel Threaded Parts</p>	<p>Auto Turned Spare Components</p>

CNC Aluminum Turned Parts

			
---	---	--	---

CNC Aluminum Parts	Precision Turned Parts	Customized Aluminum Turning Parts	Aluminum Auto Spare Parts

CNC Brass Turned Parts

			
Brass Precision Parts	Small Turned Parts	Brass Inserts	Brass Fittings
			
Brass Cable Glands	Brass Bolt and Nut	Brass Pillars	Brass Bush

CNC Carbon Steel Turned Parts

			
---	---	--	---

CNC Turning Components	Metal Turning Process	Turned Screw Components	Carbon Steel Pins

Metal turning, Milling ,Threading, Cold Forging production Ningbo Hewcho is your reliable partner in the field of metal components and contract manufacturer.

Why Choose [Hewcho](#)?

Low price, process performance (e.g., weldability and cold formability) good.
